

***Investment potential of the
Chuvash Republic for
organization of automotive
components production***

Advantages of the Chuvash Republic for organization of automotive components production

- ✓ Advantageous geographical position for the main consumers of the products
- ✓ Long-term cooperation with engineering centers of machine building plants
- ✓ Certified test centers
- ✓ Scientific and educational centers
- ✓ Good knowledge of quality requirements for products and processes of cooperation with partners (ISO 9001)
- ✓ Skilled staff with a high educational potential
- ✓ Associated manufacture
- ✓ Opportunity of cooperation
- ✓ Positive image of the Republic among consumers of the production

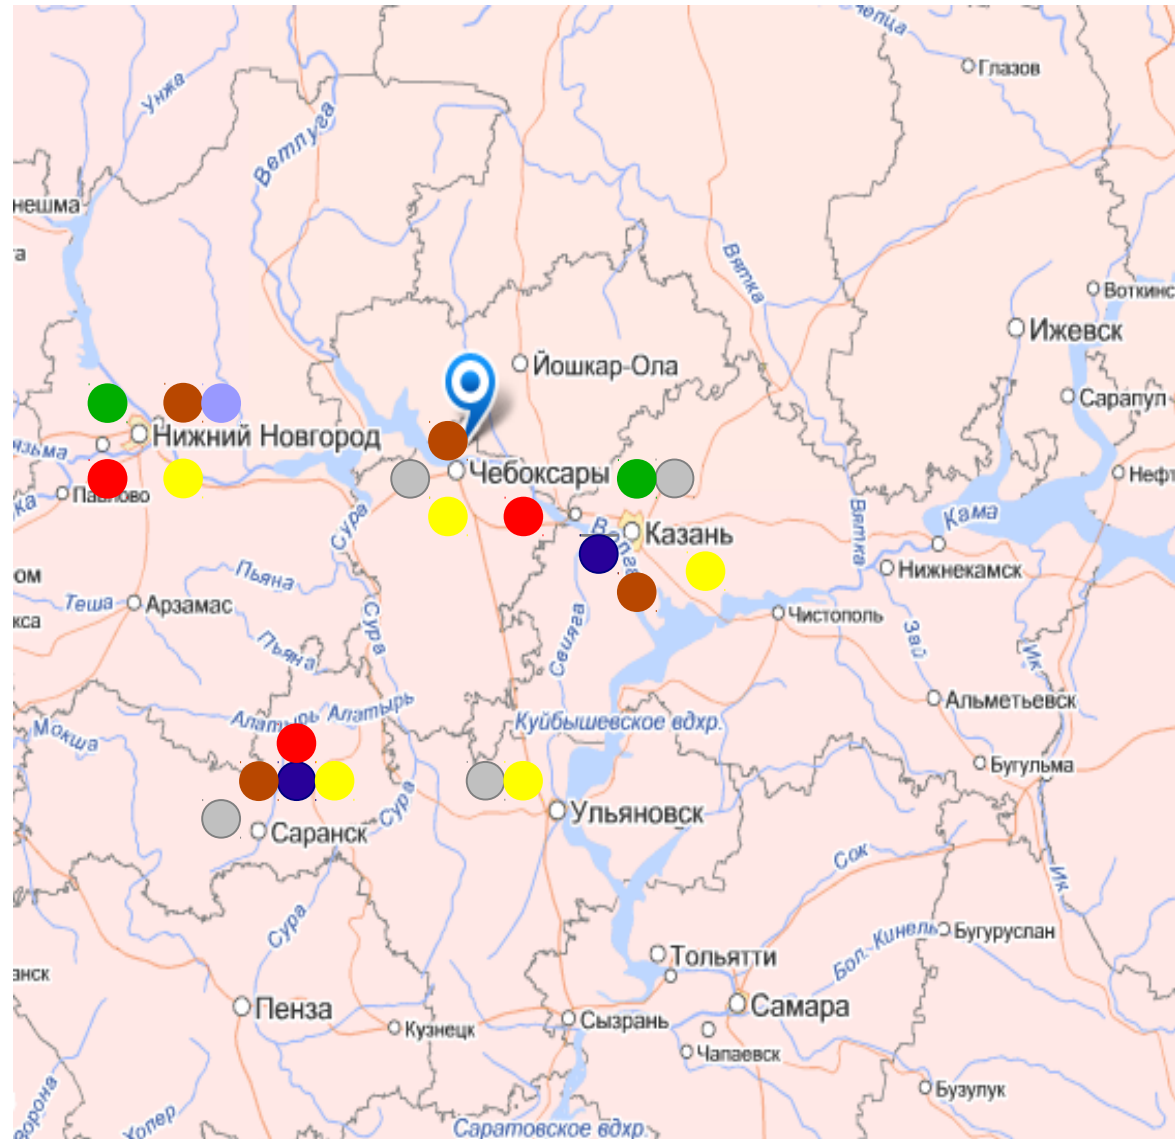

***Tractor and vehicle machine
building
in the Chuvash Republic***

Tractor and vehicle machine building in the region

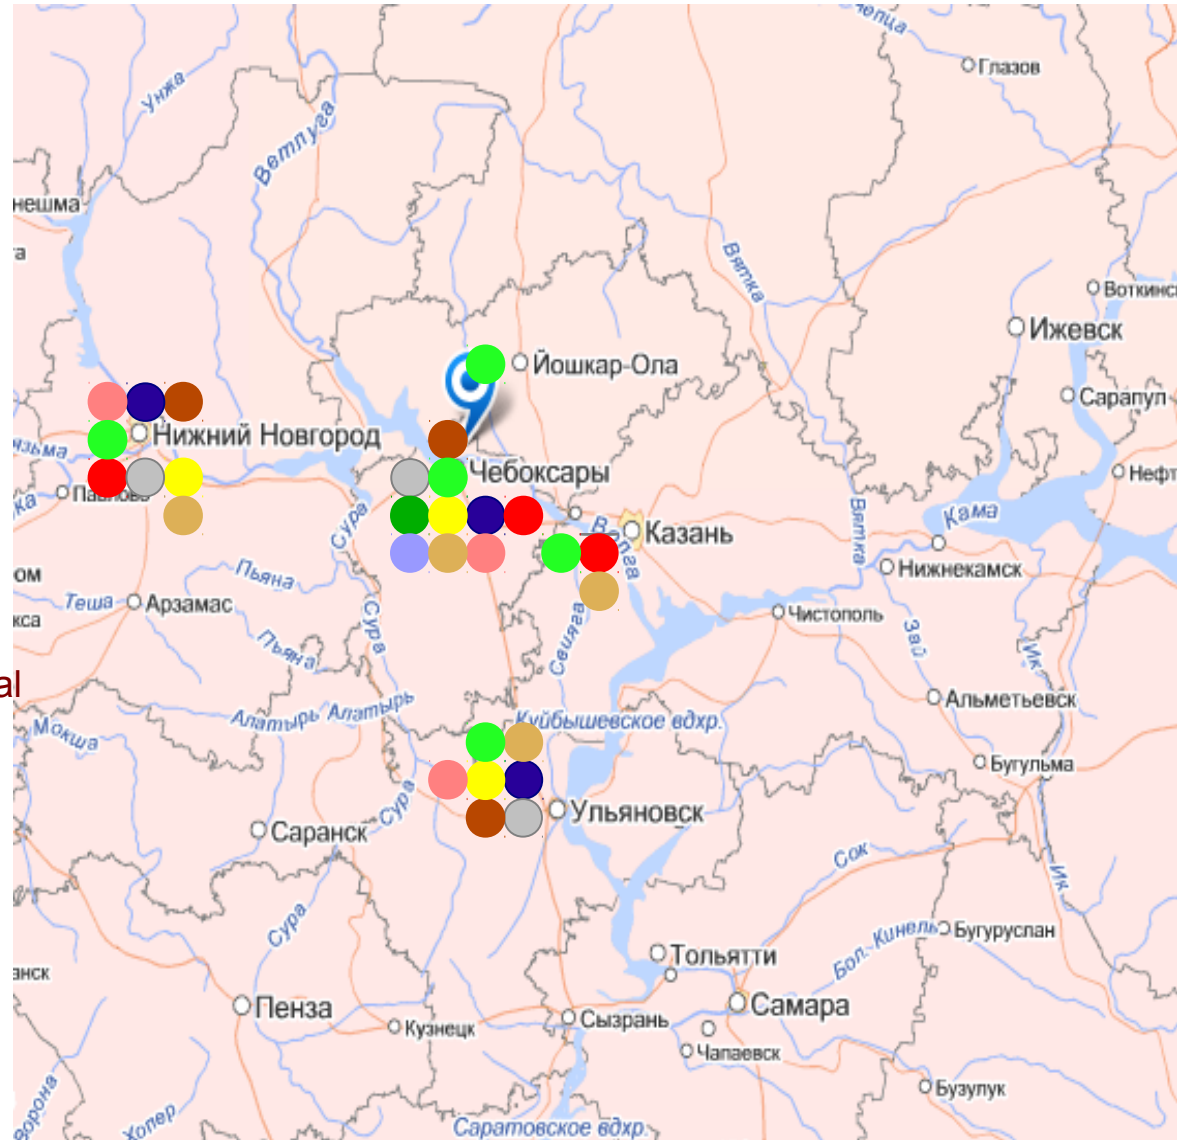

Types of manufactured :

- Farm machinery (2)
- Road building machinery (5)
- Cargo handling machinery (3)
- Trucks and special machinery (17)
- Municipal machinery (6)
- Military vehicles (3)
- Buses (2)

Production technology

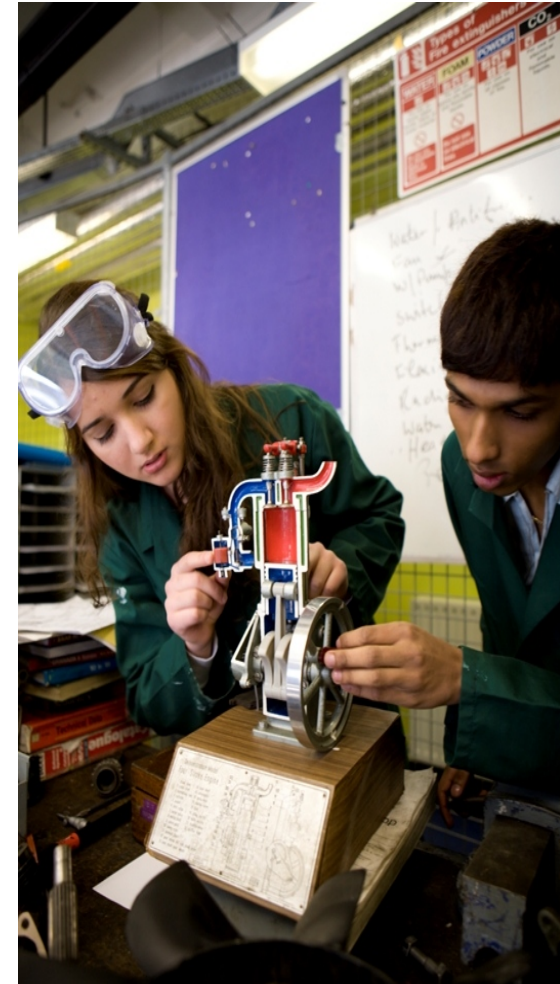

- Foundry
- Forging
- Machining
- Metal forming
- Welding engineering
- Composite materials manufacture
- Electrophysical and electrochemical methods of metal working
- Heat treatment
- Molding of plastics
- Manufacture of auto electronics

Higher education

Education at colleges of the young specialists involved in such spheres as:

- ✓ Mechanical engineering
- ✓ Metalworking machines and installations
- ✓ Machines and foundry technology
- ✓ Cars and vehicle fleet
- ✓ Multipurpose tracked and wheeled vehicles
- ✓ materials-handling, constructing, road-building vehicles and equipment
- ✓ Equipment and technology for increase of wear-resistance and repair of the parts of machines and mechanisms
- ✓ Service of transporting and technological vehicles and equipment
- ✓ Electrical equipment for cars and tractors
- ✓ Air-engines and power plants
- ✓ Mounting and technology of operation of the industry equipment in machine building
- ✓ Maintenance and repair of automobiles
- ✓ Operation of auto transport electric equipment and automatics
- ✓ Chemical machine building
- ✓ Engineering protection of the environment, etc

The key cost indicators in the Chuvash Republic

Indicator	Rate
Cost of standard industrial building construction	от 400 EURO/m ²
Cost of electrical energy (depending on the fee)	51 EURO/MW*h
Cost of nature gas	70 EURO/1000 m ³
Water delivery fee	0,25 EURO/m ³
Wastewaters fee	0,22 EURO/m ³
Water removal fee	0,1 EURO1800/m ³

***Labor cost per person
(including taxes)
230-590 EURO – worker
350-470 EURO – engineer
470-700 EURO – line manager***

Projects of foreign companies in the territory of the Chuvash Republic

Enterprise for sauces and ketchups production

German company Develey

**Brewing company
InBev («SUN InBev»)**

**Wholesale center
Metro Cash & Carry**

**Factory for sanitary ceramics production
Spanish Company Roca Group**

***Organization of production in
Chivashia
is the best choice!***
